

Voters have a lot of work left to do in punishing the 110th House of Representatives for their part in not preventing the 2008 Financial Meltdown and then compounding their stupidity by squandering the financial future of America to the tune of two trillion dollars!

Names in **Red** indicate congressional members who died, resigned, retired or otherwise gave up their congressional seats.

2008 Pre-Election Score:
U.S. House of Representatives

2008 Post-Election Score:
U.S. House of Representatives

Main Street 56*

***Out of all incumbents only 19 were thrown out. Thirty-seven incumbents retired, died, resigned or gave up their seats. In 2008 all members of the House of Representatives were up for election. In 2010, one-half of all House seats will be up for election.**
